ABOUT ME

Software Developer | 4 Years of Experience

Proficient in software development with expertise in:

- Data Analysis, Preparation, and Predictive Modeling.
- Developing KPI dashboards and interactive charts using REST APIs.
- Web frameworks, specializing in React.js with Node.js or PHP backends.
- Database management with MySQL and MongoDB.

Additional Skills:

- Skilled in Linux OS and version control systems like Git
- Strong foundation in statistical methods and machine learning techniques to forecast sales and inventory trends.

Passionate about building scalable, data-driven applications.
